THE STATE NATIONAL BANK OF ST.LOUIS.

At a meeting of the Board of Directors of this ank, held this day, the following preamble and resolutions were unanimently adopted:

Whereas, It is with profound regret we learn of the death of Mr. Charles C. Maffitt, one of our most valued members, who was elected a director of the State Sacinsy Association on February S. Ish, and has therefore been associated with us for more than a quarter of a century; Besolved That in the death of Mr. Charles C. Maffitt we mourn the loss of an estermed friend and associate in this board, who was always active, useful and judicious, and a man of rare quickness of intellect, of most unquestioned integrity and of fine judgment. He despited any thing not up to the most correct standard of fair dealing, and in making up his mind on a proposition, was thoughtful and, after conclusion arrived at, was fixed in purpose and persevering to the end. He was openhanded and liberally disposed in expenditures for public purposes and full of energy, both in mind and body.

Resolved, That we tender to the bereaved family and friends of the deceased this expression of our respect and sympathy in the loss which they have sustained.

Resolved, That these resolutions be entered in the minutes of the board and published in the daily papers of the city, and that a copy of the same be furnished to the family of the deceased.

ALLEN DEMANDS CASUALTY LIST.

Believes Americans Arc Entitled to Facts About Deaths of Philippine Soldiers.

MORE SUICIDE AND SICKNESS.

Senator Prepared to Advise Men Not to Enlist-Says Whole Army Will Have to Be Withdrawn Soon.

Washington, March Si.-A resolution ofcred last Saturday by Mr. Allen of Nebraska was taken up. It called upon the Secretary of War for the number of soldiers who have been killed or have died in the Philippines since August 1, 1898, the number who have died of disease, the number who have been wounded, the number who have committed suicide, and other simdar information in the possession of the War Department.

Mr. Allen supported the resolution in brief speech after Mr. Gallinger had susgested that it ought to go to the Commitce on Military Affairs. Mr. Gallinger intimated that the resolu-

tion would have the effect of discouraging ulistments in the United States Army. Mr. Allen declared that to send the reselution to the Committee on Military Affairs was to "destroy and smother it." He said that owing to the climatic and other conditions in the Philippines an American army could not remain there for two years. He was credibly informed, he said, that the whole American army would have to be withdrawn within a few months. He said that illness and suicide among the troops were on the increase. He believed that the American people were entitled to the facts He was prepared, he said, to go so far as to advise men not to enlist for duty in the Philippines.

Advertises to a reference by Mr. Allen during the course of his speech that Mr. Gallinger had not served in the Civil War, the latter said that his services had been offered and had been refused on what he thought were insufficient grounds. His wish to have the resolution referred was not due to any effort to have it smothered, but that it should be examined by a proper committee. He was satisfied that, while the percentage of illness was not high in the Philipplies, the evident intent of the resolution was to obtain information that might be easily garbled for political purposes.

Mr. Hawley, chairman of the Committee on Military Affairs, was inclined to think the inquiry ought to be made, the statistics from the Philippines being placed side by side with similar statistics on the wars of other nations. He believed Mr. Allen would be disappointed in the result of his

F. N. Fike, proprietor of the Hygeia Hotel here, at Old Point Comfort, Va., has leased the new Royal Palace Hotel at Atlantic City, N. J., which will be completed in May. It is situated at the extreme northern end of Pacific avenue and very near the boardwalk. It will be one of the largest and heat equipped hotels along the New Jersey coast, having accommodations for 600 people. Mr. Pike expects to open the house about the lat of June, and will cater to only the very best class, for which the quiet and retired location will render it pre-eminently adapted.

Mr. Pike will continue to conduct the Hygeia as an all-the-year resort, and will hereafter operate the Royal Palace Hotel through both the spring and summer seasons. The Lenten season has filled the Hygeia to its limit, as usual, and it will remain so until after Easter.

LARGE STANDING ARMY DENOUNCED.

Congressman Ridgely Pronounces the Tendency Toward Militarism a Menace to the People.

DEMAND COMES FROM CAPITAL

McClelland of New York Advocates a Skeleton Force-Policy of Promotion Just Before Retirement Criticised.

Washington, March 26.—The 146 pension bills favorably acted upon by the House in committee of the whole last Friday were put through the final stages at the opening of the season of the House to-day and the army appropriation bill was then taken up. All efforts to reach an agreement as to the length of time general debate on the bill should run failed. Mr. Hull of Iowa, chairman of the Committee on Military Affairs, in charge of the measure, made a general statement regarding its contents. The bill carries \$111,99,364. The estimates were \$127, 12,122. The last appropriation bill carried about \$6,000,000, and there was a detectorey of about \$17,000,000.

Mr. Hull said he did not think there would any considerable deficiency in any of the

items in the present bill Deficit in Army Bill.

Mr. Hull was followed by Mr. Jett of Illinois, a member of the committee, who analyzed the bill and expressed the opinion that the appropriations it carried were not sufficient, and that there must inevitably be a deficit. Mr. Jett criticised the system of promotion of officers of the system. of promotion of officers for retirement, es-pecially the higher officers, who were rushed, he said through the final grades and retired at the highest rank possible. Under the law, there could be but three Generals and six Brigadier Generals. He read a list of three Major Generals and of officers for retirement read a list of three Major Generals and twenty-seven Brigadier Generals, who had been promoted and retired almost during the last three years. In some cases an officer was promoted to

the grade of Brigadler General and soon after retired.

Mr. Parker of New Jersey called attention to the fact that nearly every one of these officers had served in the Civil War, and said the men who had served their country were entitled to retirement.

Mr. Steele called attention to the case of Colonel Burke, who had served actively for over forty years in the army, but who through misfortune had not reached the rank to which he was entitled before he had to retire because of age. He had very properly been retired, Mr. Steele said, as a Brigadier General. Mr Jett agreed that there may be excep-

first line of defense strong enough to hold off a foreign enemy until the volunteers can be organized to constitute the second line. Mr. Ridgley of Kansua denounced the tendency toward militarism, charging that it was a menace to the peace and welfare of the people.

Mr. Cox of Tennessee introduced the Philippine question in the debate, criticising the policy of the administration in using the army to put down the insurrection there, and announcing that if he could have his way not one dollar should be voted to subjugate the Filipinos. The soldiers tserv-ing in the Philippines, he acquitted of all blame. They were doing their duty and de-served well of their country. The fault lay with those who had inaugurated the unhely war.

Mr. Cox predicted that not in the memory of man now living would the army ever get back to its peace footing of 25.00. When he came to Congress the appropriations for

he came to Congress the appropriations for the army were \$20,000,000. Last year they were \$120,000,000.

Mr. Driggs of New York favored a re-organization of the army that would in-crease the arillery and cavalry branches of the service and decrease the infantry.

Mr. Meyer of Louisiana opposed the re-tention of the Philippine Islands. But if they were to be retained, be argued that Amer-ican products should be protected against free competition from products of the is-land. His remarks had not been completed when the House at 5:19 p. m. adjourned.
